

**End Ecocide
on Earth**

CONFERENCE
13 - 14 October 2014, Brussels

Future generations depend on present decisions

Invitation

Future generations depend on present decisions

Join the End Ecocide on Earth conference this October

Dear friend, supporter, critique, or newcomer to End Ecocide,

Would you like to learn more about Ecocide and how to end it? We warmly invite you to join us for our End Ecocide on Earth conference on 13-14 October in Brussels. As the [European Citizens' Initiative \(ECI\)](#) has closed, **End Ecocide on Earth is born** - as the whole world is affected by ecocide.

The event is **free and open for everyone**.

On Monday, October 13th, a number of **well-known speakers and experts** will discuss ecocide. Some topics include the history of ecocide, what it means and topics that really matter - the relationship between ecocide and indigenous rights, environmental security, justice, climate change and others. The conference also provides an opportunity to learn more about the latest developments in the legal area – the [Charter of Brussels](#) and amending the **Rome Statute**. Needless to say, it will also be a unique opportunity to meet like-minded people from across Europe and share inspiring conversations!

On Tuesday, October 14th, we invite you to join the open workshop **A European Citizen's Initiative (ECI) for the Next Generation**, where you have the opportunity to discuss with policy makers and ECI organisers what it means to organise such a campaign. This event is co-hosted with the [ECI Campaign](#). During the workshop we will explore the challenges that citizens' initiatives face, and develop proposals of making it better – to benefit many more initiatives in future years. A special focus will be laid on the involvement of young people.

Register at info@endecocide.eu by **September 26th** to secure your place! **No registration fee**.

Please indicate whether you are planning to attend only the conference on October 13th, the workshop on October 14th or both events. Please indicate your name, age, and organisation.

Simultaneous translation will be provided English-French/French-English.

Don't hesitate to get in touch with any questions you might have.

See you there!

Your End Ecocide team
